H.I.I.T. - High-intensity interval training, this interval training class alternates periods of short intense anaerobic exercise with less-intense recovery periods. These short, intense workouts provide improved athletic capacity and condition, improved glucose metabolism, and improved fat burning.

Line Dance- Line is easy to learn, mainly because the steps are straight forward, and you do not have to coordinate your movements with a partner. Line dances also involves repeating series of steps, so if you get lost, you could easily catch up with the class.

With alternating step combinations and toning exercises you'll have so much fun sculpting major muscle groups and putting together dance-like combinations you'll forget that you are working out.

Spirit, Mind, and Body Classes:
